San Miguel Global Power Holdings Corp. (the "Corporation") hereby reports that during the Special Meeting of the Board of the Directors of the Corporation held on March 1, 2024, the Board approved the following matters, namely:

- a. the execution and delivery by the Corporation of a Share Subscription Agreement by and among the Corporation, South Premiere Power Corp. ("SPPC", a wholly-owned subsidiary of the Corporation) and Meralco Powergen Corporation ("MGEN") (the "SPPC SSA") covering: (i) the subscription by MGEN to new common shares of SPPC to be issued out of an increase of the latter's authorized capital stock and which, upon issuance, will represent approximately sixty-seven percent (67%) of the total outstanding common capital stock of SPPC, subject to the fulfillment (or waiver, as applicable) of the closing conditions set forth in the SPPC SSA; and (ii) the performance by the Corporation of its undertakings as set forth in the SPPC SSA which are necessary for the completion of the SPPC SSA;
  - b. the execution and delivery by the Corporation of a Share Subscription Agreement by and among the Corporation, Excellent Energy Resources, Inc. ("EERI", a wholly-owned subsidiary of the Corporation) and MGEN (the "EERI SSA") covering: (i) the subscription by MGEN to new common shares of EERI to be issued out of an increase of the latter's authorized capital stock and which, upon issuance, will represent approximately sixty-seven percent (67%) of the total outstanding common capital stock of EERI, subject to the fulfillment (or waiver, as applicable) of the closing conditions set forth in the EERI SSA; and (ii) the performance by the Corporation of its undertakings as set forth in the EERI SSA which are necessary for the completion of the EERI SSA;
  - c. the execution and delivery by the Corporation of a Share Subscription Agreement by and among the Corporation, Ilijan Primeline Industrial Estate Corp. ("IPIEC", a wholly-owned subsidiary of the Corporation) and MGEN (the "IPIEC SSA") covering: (i) the subscription by MGEN to new common shares of IPIEC to be issued out of an increase of the latter's authorized capital stock and which, upon issuance, will represent approximately sixty-seven percent (67%) of the total outstanding common capital stock of IPIEC, subject to the fulfillment (or waiver, as applicable) of the closing conditions set forth in the IPIEC SSA; and (ii) the performance by the Corporation of its undertakings as set forth in the IPIEC SSA which are necessary for the completion of the IPIEC SSA;
  - d. the execution and delivery by the Corporation of a Share Purchase Agreement by and among the Corporation, MGEN, Eurodite Universal Power Incorporated ("Eurodite") and Linseed Field Corporation ("LFC") (the "LFC SPA") covering: (i) the purchase by the Corporation from Eurodite of approximately thirty-three percent (33%) of the total outstanding common capital stock of LFC, subject to the fulfillment (or waiver, as applicable) of the closing conditions set forth in the LFC SPA; and (ii) the performance by the Corporation of its undertakings as set forth in the LFC SPA which are necessary for the completion of the LFC SPA;
- (the SPPC SSA, EERI SSA, IPIEC SSA and LFC SPA are hereinafter collectively referred to as the "Agreements"); and*
- e. the execution and delivery by the Corporation of such other contracts, term sheets, and documents which are necessary to implement the transactions contemplated under the Agreements.

The Corporation likewise reports that the Agreements and other related documents were executed by the relevant parties on March 1, 2024.

On March 3, 2024, the Corporation issued a press release regarding the abovementioned transactions, which was submitted to the Philippine Dealing & Exchange Corp. on the same date. A copy of the aforementioned press release is hereto attached.

### **SIGNATURES**

Pursuant to the requirements of the Securities Regulation Code, the Issuer duly caused this report to be signed on its behalf by the undersigned hereunto duly authorized on March 4, 2024.

Corporate Secretary

## **MGen, AP and SMGP launch the Philippines' first integrated LNG facility**

In a landmark development for the Philippines' energy sector, Meralco PowerGen Corporation (MGen), Aboitiz Power Corporation (AP) and San Miguel Global Power Holdings Corp. (SMGP) are launching the country's first and most expansive integrated liquefied natural gas (LNG) facility in Batangas.

This initiative is seen to help boost energy security and steer the country towards a cleaner, more sustainable future in line with the Marcos administration's push for more natural gas in the country's energy mix.

More importantly, this will make competitively priced and affordable power accessible to a broader base of Filipino consumers.

In a deal which values the entire enterprise at US\$ 3.3 billion, MGen and AP will jointly invest in two of SMGP's gas-fired power plants—the 1,278 MW Ilijan power plant and a new 1,320 MW combined cycle power facility which is expected to start operations by the end of 2024 – and together with SMGP will invest in almost 100% of the LNG import and regasification terminal owned by Linseed Field Corporation.

Additionally, all three companies will acquire the LNG import and regasification terminal of Linseed Field Corporation. This will be used to receive, store and process LNG fuel for the two power plants, thus fully integrating the local energy sector into the global natural gas supply chain.

“This is a pathbreaking venture,” said MGen Chairman Manuel V. Pangilinan. “Apart from transforming the energy landscape of the Philippines, this symbolizes a milestone alliance among major players in the energy industry towards a more sustainable future. We are thrilled to have such reliable partners as we lay the foundation for a brighter, greener future.”

### **Powering Progress with Cleaner Energy**

The collaboration will substantially augment the country's power supply with over 2,500 MW of generation capacity once fully operational, backed by advanced LNG storage and regasification capabilities. This effort will not only meet the country's energy requirements but also support its environmental objectives by significantly lowering emissions.

**"Both LNG and renewables are needed to achieve a balanced energy mix and well-planned energy transition. Above all, this is a big win for the Philippines and the people. Economic development is impossible without energy security, and this investment is a definitive step forward in that direction," Sabin M. Aboitiz, AP chairman said.**

**For his part Ramon S. Ang, SMGP Chairman and President, said "For the first time, three leading power companies are working together to secure our country's energy needs while transitioning towards cleaner power sources. This represents a major leap forward for our energy future, ensuring not just reliability but also cost-efficient power for many Filipinos."**

**Echoing the government's strategic vision for the country's energy sector, the deal aligns perfectly with the push towards diversifying energy sources through the increased use of cleaner natural gas.**

**The Department of Energy's (DoE) Philippine Energy Plan has identified LNG as crucial for the country's energy sustainability and security, aiming to boost natural gas's share in the power generation mix to 26% by 2040.**

**LNG offers significant environmental advantages over traditional fossil fuels contributing to reduced greenhouse gas emissions, combating climate change, improving air quality, and enhancing public health, making it the ideal transition fuel to a renewable energy future.**

**This move also aligns with the Philippines' own goal to significantly reduce greenhouse gas emissions by 70% by 2030.**

**The collaboration among the three power companies represents a shared commitment to innovation, reliability, and environmental stewardship in the energy sector.**

**By leveraging their combined expertise and resources, the collective venture guarantees the delivery of dependable and competitively-priced energy while helping boost economic growth and environmental preservation.**
