Gentlemen:

We reply with respect to the news article entitled "SMC set to finish 32 battery energy storage systems" posted in manilastandard.net on December 24, 2023, which reported in part that:

"San Miguel Global Power Holdings Corp., a unit of San Miguel Corp. (SMC), said it expects to complete 32 battery energy storage systems (BESS) with a combined capacity of 1,000 megawatt-hours in January 2024.

'The 1,000 MW is near [completion], but the batteries that we are putting up is a big help. Because of that, we did not have brownouts. It helps stabilize [power supply]...I think next month, [it will be completed],' SMC president Ramon Ang said.

..."

By way of response to the Exchange, we confirm that San Miguel Global Power Holdings Corp., a wholly-owned subsidiary of San Miguel Corporation, is expected to substantially complete for testing, commissioning or commercial operations its battery energy storage projects with a combined capacity of 1,000 megawatt-hours in January 2024.

Very truly yours,
